

## PROJECT CONTROLS EXPO AWARDS

We are delighted to launch the first project controls awards event taking place in Australia!

An important milestone towards professionalising project controls and a great opportunity for organisations and individuals in the region, to gain a well-deserved recognition for their project & programme success.

Project Controls Expo Awards will be held the night before the Expo on Monday 25th November in the Members Dining Room at MCG, Melbourne, Australia.

We are now open for entries to any of the 7 categories until Wednesday 19th June. Full list of categories as follows:

**Australian Award for Project Controls in a Megaproject**

**Australian Award for Project Controls Innovation**

**Australian Chartered Professional Engineer (cost/schedule/risk) of the Year**

**Australian Project Controls Company of the Year**

**Australian Project Controls Consultancy of the Year**

**Australian Project Controls Transformation Project of the Year**

**Australian Project Controls Professional of the Year**

Sponsorship is an ideal way to show your position within the industry, at the same time promoting your company to a targeted audience over the course of the year. This is a great opportunity to associate your company with such awards. For info see the [Media Pack](#) 

The awards evening tickets can also be purchased which include the entire event, three course meal and beverages with extended networking opportunities. More detailed information can be found on our [Awards page](#).

## INTRODUCING INNOVATIONS ZONE

This year our Innovations' Zone will provide a space for our experts across the business to share new ways of thinking and concepts for managing projects.

The Innovations' Zone is an incubator for bold new project controls ideas, and a place where they can be openly discussed. In this way, 'best practice' rises to the top and new ideas are perfected 

## PROJECT CONTROLS EXPO, KUALA LUMPUR

Over the last 8 years Project Controls Expo has become the largest project controls' event in the UK, bringing the professional community together to share and impart information on the latest trends, innovations and practices in this field.

In 2018 Expo in the UK had over 1,300 professionals gathered from around the world and over 600 delegates attending the first edition of Expo in Melbourne, Australia.

We are now introducing Project Controls Expo Kuala Lumpur, in July 2020 at Kuala Lumpur Convention Centre, replicating the success of our UK and Australia models. This Asian conference aims to support the efforts of professionals in the region, to continue the development of the profession.

Our new site has the information for the event and what to expect on the day. We welcome dual sponsors for both events if your organisation has a presence in both locations.
